

SIMPLIFY YOUR ZERO-EMISSION SCHOOL BUS PLANNING

Expert, No-Cost Support for Your School Bus Fleet

Cal Fleet Advisor provides free, expert assistance and tailored solutions to help California school districts deploy electric school buses with confidence.

WE'RE HERE TO HELP:

PERSONALIZED, NO-COST SUPPORT

Receive expert guidance on vehicle selection, infrastructure planning, and operational needs designed around the unique goals of your school bus fleet.

NAVIGATE INCENTIVE FUNDING

We assist in identifying funding opportunities through programs such as ZESBI, HVIP, and EnergIIZE to help maximize your cost savings.

TRUSTED, UNBIASED ADVICE

Cal Fleet Advisor is not affiliated with any specific vendors or manufacturers, ensuring our recommendations are based solely on what best meets your operational needs.

PARTNERSHIP BUILDING

We'll assist with connecting you with utilities, OEMs, dealers, and agencies, so you don't have to navigate zero-emission projects alone.

REAL-WORLD PROBLEM SOLVING

Our expert advisors understand challenges like charging delays, utility coordination, and vehicle downtime. Our insights can help you keep your project on track.

WHAT TO EXPECT:

PROVEN EXPERTISE

Cal Fleet Advisor has helped school bus fleets across California successfully navigate their zero-emission projects.

INDIVIDUALIZED SUPPORT

Our no-cost assistance is customized to your fleet's operational needs, ensuring best-fit solutions and access to a trusted network of industry partners.

COMPREHENSIVE GUIDANCE

We offer impartial information and holistic advice about all vehicle models, charging options, and infrastructure so you can make the best choices in support of your fleet's goals.
